

### WINNER OF MULE RACE.

SERGT. BERNARD STREEKS, SUPPLY COMPANY.

### MULE RACE FEATURES EVENTS AT FORT MYER

One Animal Outclasses Field as Result of Practice; Others Unable to Find Track.

Patience and steady riding brought out Sergt. Bernard Streeks of the supply company, 3d Infantry, the victor yesterday in the mule race, a part of the military athletic meet held on the drill field at Fort Myer, adjoining Camp Ordway. The mule race was easily the feature of all the games and was staged by the supply company with six riders.

From the time Lieut. Smithson fired the pistol shot for the start no one except Streeks seemed to know where the race track lay. For the six mules, which on other days pull heavy supply wagons all about the camp and never have been known before to go faster than a walk, started off in as many different directions. Some of them got back on the track at intervals, but seldom stayed. They cut corners, and, in some instances, cut off half the course. It was not the riders' fault, however, for they tried to comply with the regulations set down by the judges. But Streeks, who has been practicing back of the supply company for weeks with his mule, kept him consistently on the track, went around three times and came in victorious. There was not a penalty against him. Sergt. McDonald and Horsehoeer Casassa finished second and third, respectively.

#### Had Trained for Tournament.

The supply team had been training for a tournament, but when it was seen that the mules could not be kept on a track Sergt. Streeks and his comrades knew it was useless for them to try to spear rings and get enough to permit them to crown a queen. All they saw, it has been put on, was probably several heads crowned with aores. So the race was staged. The mule race was exciting. In this Private Rabbit and Nolan of Troop A, District Cavalry, came out first. In this race men are stationed at one end of a field. Others, mounted, dash down at a gallop, firing revolvers, and then pick up the mule and rush back to the starting point, all the while firing their pistols. Private Krepia and Morgan of Troop B, 2d U. S. Cavalry, finished second and Corp. Holt and Private C. W. Smith of Battery B finished third. Corp. Cross and Private Black, composing the team which really came in second, were disqualified because they were rubber soled shoes.

#### Other Events on Program.

The other events were:  
100-yard dash—Private Scott, Troop A, first; Private Cleveland, Company M, second; Private Denny, Company M, third; time, 11.5 seconds.  
Shot put—Private Clark, Company C, 34 feet, first; 35 feet, 3 inches; Private Semmes, Troop A, second; 34 feet 6 inches; Private Kesler, Troop A, third; 32 feet 6 inches.  
400-yard dash—J. O'Donnell, Company C, first; Corp. Smith, Machine Gun Company, second; Corp. McLean, Company C, third.  
1-mile race—Sergt. Moffitt, Battery A, first; Private Hitt, Troop A, second; Private Black, Company G, third.  
Sally-put—Sergt. J. F. O'Brien, Company M, first; Private R. F. Risk, Company L, second; Corp. F. Wahl, Company L, third.  
Company relay—Won by Company K team, consisting of F. M. Weedon, F. C. Platon, L. Tharp and S. J. Hill.  
Wall scaling contest—Won by Company I squad, composed of Corp. Wessner and Private Simmons.  
O'Leary, Rhenowbridge, Reynolds, Whitaker, Padgett and King.  
The officials—Referee, Capt. E. H. Brian; Judges, Lieuts. Hamilton, Glorvinal, White and Capt. Leckie; Clerk of course, Lieut. Schellner; assistant clerk of course, Lieut. Hazard; starter, Lieut. Smithson; time-keepers, Lieut. Walling, Lieut. Moore, Lieut. Smith and Capt. Bryson.

**Gift of \$10,000 to Berea College.**  
Announcement of a gift of \$10,000 to Berea College at Berea, Ky., by the late James Talcott of New York city, has been made by President William Goodell Frost, who received the gift shortly before Mr. Talcott's death, August 21. The gift was part of a total pledge of \$40,000 for the erection of a girls' dormitory. It is expected the structure will be ready for occupancy January 1.

About 15,000 tons of paper and paper board are manufactured every day in the United States.

### SHORTAGE OF PAPER MATERIAL

Your attention is called to the fact that there is a serious shortage of raw material for the manufacture of paper including rags and old papers. The collecting and saving of Rags and Old Papers would greatly better existing conditions for the American Paper Manufacturers.  
Something like 15,000 tons of different kinds of paper and paper board are manufactured every day in the United States and a large portion of this, after it has served its purpose, could be used over again in some class of paper. A large part of it, however, is either burned or otherwise wasted. This, of course, has to be replaced by new materials. In the early history of the paper industry publicity was given to the importance of saving rags. It is of scarcely less importance now. The attention of the public is called to this in the hope that practical results may now flow from it. A little attention to the saving of rags and old papers will mean genuine relief to our paper industry and a diminishing drain upon our sources of supply of raw materials.  
An adequate supply of rags and old paper is of vital importance to all branches of the paper industry.

**WILL YOU HELP?**  
Then save your rags and old paper.
